Professional Summary

Junior Frontend Developer and UI/UX Designer with practical experience designing and building responsive websites and application interfaces. Skilled in HTML, CSS, Tailwind CSS, JavaScript, React, Figma, and responsive design, with a strong eye for visual quality and user friendly interfaces. Completed an Advanced Software Engineering programme with an overall Distinction, including three distinctions and one credit, and received an Overall Best Student Award. Currently pursuing a BSc in Information Technology and seeking junior frontend, internship, freelance, and remote opportunities.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript, React, Tailwind CSS, responsive design.
- **UI/UX:** Figma, wireframing, prototyping, user flows, interface design, visual hierarchy.
- **Tools:** GitHub, VS Code, Chrome DevTools, Vercel.
- **Additional knowledge:** Foundational MongoDB, PostgreSQL, and MySQL; introductory Flutter knowledge.

Professional Experience

Frontend Developer & UI/UX Designer | Velocity App Studio | May 2026 – September 27, 2026

- Designed UI/UX interfaces for mobile applications and websites.
- Created layouts, user flows, and visual interfaces focused on usability and clarity.
- Built responsive frontend projects using React, Tailwind CSS, HTML, CSS, and JavaScript.
- Translated design concepts into functional interfaces across different screen sizes.

Freelance Frontend Developer & UI/UX Designer | 2024 – 2026

- Designed and developed responsive websites, landing pages, and application interfaces.
- Created wireframes and interface concepts in Figma before development.
- Built approximately nine personal projects using HTML, CSS, Tailwind CSS, JavaScript, and React.
- Focused on visual quality, responsiveness, usability, and design-to-code implementation.

Selected Projects

Social Lite | HTML, Tailwind CSS, JavaScript

Designed and developed a social-focused web application interface with responsive layouts, clear navigation, and user-focused visual styling. [Live project: https://social-lite-tau.vercel.app/](https://social-lite-tau.vercel.app/) | [GitHub: https://github.com/Acetekh/SocialLite](https://github.com/Acetekh/SocialLite)

Remote | [HTML, Tailwind CSS, JavaScript]

Designed and developed a responsive web interface with emphasis on readability, visual hierarchy, mobile usability, and clear navigation. [Live project: remote-olive.vercel.app](https://remote-olive.vercel.app) | [GitHub: https://github.com/Acetekh/Remote](https://github.com/Acetekh/Remote)

Aruna Real Estate | HTML, CSS, JavaScript, Tailwind CSS

Created a responsive property-listing landing page with interactive contact forms and an ROI plan showcase. [Live project: https://acetekh.github.io/aruna-estate/](https://acetekh.github.io/aruna-estate/) | [GitHub: https://github.com/Acetekh/aruna-estate](https://github.com/Acetekh/aruna-estate)

PMC | React, JavaScript, Tailwind CSS]

Built a React-based web project using structured sections and responsive styling to strengthen component-based frontend

development skills. Live project: <https://acetekh.github.io/pmc/> | GitHub: <https://github.com/Acetekh/pmc>

Education

BSc Information Technology | Middlesex University | Expected graduation: 2027

Advanced Software Engineering | APTECH Lekki Computer Education | Completed 2026

- Overall Distinction.
- Three distinctions and one credit.
- Overall Best Student Award.
